

Letter of Recommendation

To whom it may concern-

Ádám started at Attrecto as a software developer in June 2013 and he was with us until August, 2015. Personally I liked to work with him, he had the drive we needed to become a best-run digital solution company.

Ádám takes a great deal of pride in what he does and he works very hard to achieve the exact results that the customer is looking for. He has worked many late hours in my development area just to make certain that a delivered project is exactly what the customer wanted.

Ádám is dedicated, intelligent, responsible and he has never missed a deadline for my organization. If you need further insight into why Ádám should be your next software developer, please feel free to call me at +36-20-551-7686 or email me at gergely.kiss@attrecto.com.

Sincerely yours,

Gergely Kiss
